## Unit 2 Quiz

1. **Complete** the entire Frequency Table below based on the Histogram provided:

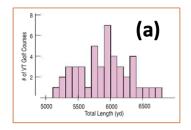

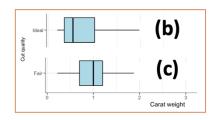

| Age    | Frequency | Relative<br>Frequency |
|--------|-----------|-----------------------|
|        |           |                       |
|        | _         |                       |
|        |           |                       |
|        |           |                       |
|        |           |                       |
|        |           |                       |
| Total: |           |                       |
